

## High Level Medicare Supplement Enrollment and Field Underwriting Guidelines

The following information is meant to be used as a guide to assist you when your client is applying for a Medicare Supplement plan. **This material, including any subpart(s), is not to be used as marketing and is not to be provided to a prospect, an applicant, member, group, or the public.**

### **When is the best time to enroll a client into a Medicare Supplement plan?**

The best time to enroll a client into a Medicare Supplement plan is the 6-month period that starts the first day of the month your client turns 65 or older and enrolled in Medicare Part B. For example, if your client turns 65 and enrolls in Medicare Part B in June, the best time for your client to buy an Anthem Medicare Supplement plan is from June to November. We need the Medicare ID Number to enroll your client into a plan.

### **What if my client has an existing health plan?**

Prior to starting the Medicare Supplement enrollment process, your client will need to review their existing coverage to determine if they are currently enrolled in a health insurance policy that duplicates their benefits and determine if they need to contact their carrier (including Anthem) to cancel the other coverage. Their existing coverage does not automatically cancel whether they are coming to us or leaving us. Cancellation requests must come directly from the member in that respective product, including those enrolled through the Affordable Care Act (ACA) Marketplace.

### **Need more state specific information regarding plans?**

We encourage you to review Anthem's Quick Reference Guide (QRG). The QRG is filled with great information regarding the available plans, plan switching, billing options and discounts, Guaranteed Issue Situations and how plan premiums are rated.

### **How do I know what plans are available when my client is in a Guaranteed Issue Situation?**

We include the Guaranteed Issue Guideline with the application. You can review each Guaranteed Issue Situation and verify what plans are available based on your client's Medicare eligibility.

When completing the application, please take the time to review the application in its entirety prior to submitting. For handwritten applications, please print responses and use black ink. If you fax the application, you do not need to mail a copy.

**FOR BROKER USE ONLY – NOT FOR MEMBER USE**

## APPLICATION TIPS

Below are helpful reminders when completing the application that will help your applications get processed faster and easier and help give your client the best enrollment experience!

---

### Section 1A

A permanent physical home address is required to process the application. We cannot use a P.O. Box for the home street address.

| SECTION 1                                                                                             |            |       |                                                                      |
|-------------------------------------------------------------------------------------------------------|------------|-------|----------------------------------------------------------------------|
| 1A. Applicant information (Use black ink and print your name as it appears on your Medicare ID card.) |            |       |                                                                      |
| Last name                                                                                             | First name | MI    | Sex <input checked="" type="checkbox"/> M <input type="checkbox"/> F |
| Smith                                                                                                 | John       | D.    |                                                                      |
| Home street address (physical address, not a P.O. Box)                                                |            |       | Apt #                                                                |
| 123 Any Street                                                                                        |            |       | 123                                                                  |
| City                                                                                                  | County     | State | Zip code                                                             |
| Herndon                                                                                               | Fairfax    | VA    | 22071                                                                |
| Mailing address (if different than above)                                                             | City       | State | Zip code                                                             |

### Section 1B

Confirm with your client the requested effective date is correct. The requested effective date cannot be prior to the Medicare Part B effective date. We will reach out to you or your client twice before closing the application until we receive the necessary information.

Confirm you are using the correct and valid Medicare Beneficiary Identifier (MBI) for the applicant's Medicare ID number when submitting an application. All MBIs are validated against CMS records during the enrollment process. An incorrect MBI will cause disapproval of coverage.

If your client has not received their Medicare ID card, note the application as "PENDING" and state the Medicare effective dates. Once you receive the Medicare ID number, please contact customer service upon receipt.

**FOR BROKER USE ONLY – NOT FOR MEMBER USE**

## **1B. Eligibility and plan choice**

If applying due to a **Guaranteed Issue** situation, see the **Guaranteed Issue (GI) Guidelines**, attached to this application for your plan options. Timeframe to enroll may be limited.

Requested policy effective date: 01 / 01 / 2024  
MM DD YYYY

 Coverage is effective as of the 1st of the month following approval of your completed application unless continuation of coverage requires you to request a date other than the 1st of the month.

Please complete the information below using your Medicare ID card (include all letters and numbers). Your Application cannot be completed without your Medicare number. If your Medicare ID card has not been received, note PENDING and your Medicare effective dates. Please provide your Medicare ID number upon receipt.

Medicare number: 1EG4-TE5-MK72

Hospital (Part A) effective date: 01 / 01 / 2024  
MM DD YYYY

Medical (Part B) effective date: 01 / 01 / 2024  
MM DD YYYY

Applications received without a valid MBI or valid Part B date, the MBI is missing, or the Part B date cannot be verified, will be held for 15 days before closing out the application.

**What if I get the missing information after the application is closed?** If this information is received within 180 days of the applicant's 65th birthday or getting Medicare Part B for the first time, we will reopen and process the application. If the application is for underwriting, we will reopen and process the application for up 90 days of the applicant's signature.

To reopen an application, please respond directly to the person that reached out to you via email requesting the missing information. This will ensure the application is processed quickly and duplicated in the system.

## **Section 1B**

If your client has been a tobacco user and resides in CO, GA, IN, ME, MO or NV, the tobacco question must be answered.

The following are considered tobacco products: cigarettes, e-cigarettes, chewing tobacco, cigars, pipes, hookah pipes, snuff, bidis, cigarillos and little cigars, dip dissolvable tobacco such as strips, sticks, orbs, compressed tobacco, and kreteks.

## 1B. Eligibility and plan choice

If applying due to a **Guaranteed Issue** situation, see the **Guaranteed Issue (GI) Guidelines**, attached to this application for your plan options. Timeframe to enroll may be limited.

Requested policy effective date: 01 / 01 / 2024  
MM DD YYYY

 Coverage is effective as of the 1st of the month following approval of your completed application unless continuation of coverage requires you to request a date other than the 1st of the month.

Please complete the information below using your Medicare ID card (include all letters and numbers). Your Application cannot be completed without your Medicare number. If your Medicare ID card has not been received, note PENDING and your Medicare effective dates. Please provide your Medicare ID number upon receipt.

Medicare number: 1EG4-TE5-MK72

Hospital (Part A) effective date: 01 / 01 / 2024  
MM DD YYYY

Medical (Part B) effective date: 01 / 01 / 2024  
MM DD YYYY

Have you used tobacco products of any form (including e-cigs) in the past 12 months?..... ☐ Yes ☐ No

Please verify the plan selected on the application is available for your client by reviewing the Guaranteed Issue Guideline that is included with the application.

## 1B. Eligibility and plan choice (continued)

Make your plan selection. If applicable, check (A) if you are in Open Enrollment, (B) in a Guaranteed Issue situation, or (C) are a Medicare qualified individual under the age of 65:

A. Open Enrollment: ☐ Turning age 65 OR ☐ Enrolling in Medicare Part B for the first time

B. ☒ **Guaranteed Issue (GI) situation # 2** (Verify your plan options in the attached GI Guidelines. Proof of GI situation may be required.)

 Plan Selection: ☐ Plan A ☐ Plan F\* ☒ Plan G ☐ Plan N

## Section 2B

Checking the box giving consent will allow Anthem's Underwriting Team to reach out via email for questions regarding your client's medical history. This will shorten the review time and help enroll your client faster!

If your client is completing the health history and medical provider information section, the application needs to be signed and dated in all required spaces and submitted within 90 days of the applicant's signature date.

**FOR BROKER USE ONLY – NOT FOR MEMBER USE**

## 2B. Health history and medical provider information *(continued)*

I understand that revocation of this authorization will not affect any action taken in reliance on this authorization before you received my written notice of revocation.

☒ I give Anthem consent to contact me at the email address provided in **Section 1A** for questions related to my medical conditions.

Signature of applicant, or authorized representative (if applicable)\*

Date

John D. Smith

12/12/2023

\*If signed by an authorized representative, a copy of the authority to represent applicant must be attached to this application (such as a Power of Attorney).

## Section 3A

If your client would like to use automated bank draft, please check the box stating, "I would like my payment to be deducted automatically." On the Premium Payment Form, make one selection for monthly, quarterly, or annual bank draft.

### SECTION 3

#### 3A. How do you wish to pay your premium? (SEND NO MONEY NOW!)

##### Automated bank draft

☒ I would like my payment to be deducted automatically.

☒ My Premium Payment Form will be attached to this application.

##### Paper bill (Using billing address in Section 1A)

☐ Monthly

☐ Quarterly

☐ Annual - save \$48 per year

The household discount is available when more than one member in the household enrolls into an Anthem Medicare Supplement plan with us. The discount is for policies with coverage effective dates of June 1, 2010, or after and available to those members who occupy the same single-family housing unit. The household discount may vary by state. Refer to the Outline of Coverage to verify the discount amount and eligibility.

CO, GA, IN and KY now have a 10% household discount based on your client's original Anthem Medicare Supplement coverage effective date.

- If your client enrolls into an Anthem Medicare Supplement policy and qualifies for the household discount and their original Anthem Medicare Supplement coverage effective date is January 1, 2023, or later, they qualify for the 10% discount.
- Eligible members enrolled in an Anthem Medicare Supplement plans with original effective date between 06/01/2010 and 12/31/2022 in the states of CO, GA, IN, KY will receive the 5% discount.

All remaining Anthem states continue to offer the 5% household discount.

**FOR BROKER USE ONLY – NOT FOR MEMBER USE**

---

**Household discount:**

When more than one member in the same household enrolls in a Medicare Supplement plan with us, both parties may qualify for our Household Discount.\*

Last name Smith First name Jane MI L

Medicare number: 1EG4-TE5-MK73 Date of birth (MM/DD/YYYY) 09/05/1953

Anthem Member ID number (or application date): 123M45678

\*Available to members with a coverage effective date on or after June 1, 2010, discount percentage may vary based on members original coverage effective date. See the Outline of Coverage for more details.

---

**Section 3E**

This section contains the signature block that must be completed for all application submissions. Without the signature and/or date, the application will not be processed and will be returned for completion.

If the Power of Attorney (POA) signs the application for your client, please send the POA documentation with the application. Otherwise, we will have to delay enrollment until the documentation is received.

**SEND NO MONEY NOW — PAYMENT IS NOT DUE UNTIL YOUR APPLICATION IS APPROVED.**

Signature of applicant, or authorized representative (if applicable)\*

Date

John D. Smith

12/12/2023

\*If signed by an authorized representative, a copy of the authority to represent applicant must be attached to application (such as a Power of Attorney).

**FOR BROKER USE ONLY – NOT FOR MEMBER USE**

## Section 4A

Do not forget to complete the agent and agency ID's section and check the attestation. While we can complete the application without including the Agent info, it is much easier to have this information in the beginning in case we need to reach out to you. If your client is replacing their current Medicare Supplement or Medicare Advantage coverage, remember to sign and date the "Notice to Applicant Regarding Replacement of Medicare Supplement Insurance or Medicare Advantage" form that is included with the application.

| SECTION 4: AGENT/BROKER ONLY                                                                                         |                        |
|----------------------------------------------------------------------------------------------------------------------|------------------------|
| <b>4A. Agent/broker information</b><br>Before this form can be processed the agent/broker must be appointed with us. |                        |
| Agent/broker's printed name:                                                                                         | Street address:        |
| Agent/broker #:                                                                                                      | City: State: ZIP code: |
| Agency #:                                                                                                            | Phone: ( )             |
| Agency name:                                                                                                         | Fax: ( )               |
| (Any commission will be processed using these identification numbers.)                                               | Email:                 |

**Attestation – please check one of the following:**

- ☐ I did not assist this applicant in completing and/or submitting this application by phone, e-mail or in person.
- ☐ I certify that the applicant has read, or I have read to the applicant, the completed application. To the best of my knowledge, the information on this application is complete and accurate. I explained to the applicant, in easy-to-understand language, the risk to the applicant of providing inaccurate information and the applicant understood the explanation. I certify that the applicant realizes that any false statement or misrepresentation in the application may result in loss of coverage under the policy.

---

## **Kentucky Medicare Supplement Comparison Statement Form – Kentucky applicants only**

If your client is replacing either their current Medicare Supplement or Medicare Advantage plan with an Anthem Medicare Supplement plan, the KY Department of Insurance requires you as their agent/broker to review this comparison statement with your client. It should be signed by your client and you as their agent/broker are required to sign the comparison statement and return it with the application.

---

**FOR BROKER USE ONLY – NOT FOR MEMBER USE**

## Premium Payment Form

Under the Banking Information for Automatic Bank Draft Withdrawals section, select the billing frequency for the premium payment.

Please verify the bank routing and account number with your client and if you are handwriting the application, ensure the numbers are legible and easy to read.

---

### Banking Information for ABD Withdrawals

(See next page for help locating bank routing and account numbers. To ensure proper set-up, please include the routing number from a check and not a deposit slip.)

---

**Deduct premium:** Start date: \_\_\_\_\_ / \_\_\_\_\_ / \_\_\_\_\_ ☐ Monthly ☐ Quarterly ☐ Annual

**Deduct premium from:** Checking: ☐ Personal ☐ Business - OR - Savings: ☐ Personal ☐ Business

|  |  |  |  |  |  |  |  |  |
|--|--|--|--|--|--|--|--|--|

**FOR BROKER USE ONLY – NOT FOR MEMBER USE**

## UNDERWRITING CONSIDERATIONS

The following information is meant to be used as a guide to assist you when your client in applying for a Medicare Supplement plan and they are not in their Open Enrollment Period or have a Guaranteed Issue right. **This material, including any subpart(s), is not to be used as marketing and is not to be provided to a prospect, an applicant, member, group, or the public.**

Health Underwriting is the assessment of the medical history and current health status of an application to determine the appropriate risk classification.

When underwriting is required, the applicant must provide answers to all the medical questions on the application, including the question regarding prescription medications must be answered if applicable. Missing information about a medical condition will slow down the review/approval process. Please include all necessary details for medical conditions and prescription medications to ensure your client is on the fast track to enrollment!

Anthem determines the level of risk by using the health questions on the application, claims history on file with the Plan and any additional medical information that may be requested.

The underwriter may also need to contact the applicant to clarify the information provided before reaching a decision. To speed up the process of asking for health information, the applicant can check the box in Section 2B. Health history and medical provider information section to give Anthem consent to contact them at their email address provided in Section 1A of the application.

### **2B. Health history and medical provider information (continued)**

I understand that revocation of this authorization will not affect any action taken in reliance on this authorization before you received my written notice of revocation.

☒ I give Anthem consent to contact me at the email address provided in **Section 1A** for questions related to my medical conditions.

Signature of applicant, or authorized representative (if applicable)\*

Date

☒ John D. Smith

12/12/2023

Only Anthem Medicare underwriters may make the final decision to accept or decline a case. Please remind all clients to maintain their current coverage until Anthem notifies them that they have been accepted for coverage.

**Note:** Applicant's may be unaware that they have a condition listed on the application but do in fact take a medication that indicates the condition exists and therefore are uninsurable.

**FOR BROKER USE ONLY – NOT FOR MEMBER USE**

## UNINSURABLE HEALTH CONDITIONS

### Section 2A

Answering “yes” to any one of the medical conditions in Section 2A: Health history and medical provider information of the Medicare Supplement application, as shown below, will deem your client ineligible to enroll into an Anthem Medicare Supplement Plan. If your client’s health status changes in the future allowing a “no” response to the below questions, please submit a new application.

Failure to provide complete and accurate information in any part of this application may result in future denial of benefits or rescission of coverage.

1. Are you currently bed ridden, hospitalized, in a nursing or assisted living facility and require help with activities of daily living (ADL), receiving home healthcare, or using supplemental oxygen? (ADL includes bathing, transferring, toileting, eating, dressing, or dependent on a wheelchair or other motorized mobility device.) ..... ☐ Yes ☐ No
2. Are you currently hospitalized, in a skilled nursing facility, or rehabilitation facility or advised to have surgery, treatment or testing? (Treatment includes but is not limited to joint replacement, organ transplant, surgery for cancer, back or spine surgery, heart or vascular surgery, medical treatment that would require an inpatient admittance.) ..... ☐ Yes ☐ No
3. At any time have you been medically diagnosed, been treated, taken medications, or had surgery or any kind of treatment recommended for any of the following:
  - A. Insulin dependent diabetes ..... ☐ Yes ☐ No
  - B. Neuropathy ..... ☐ Yes ☐ No
  - C. Chronic Kidney Disease, kidney/renal failure/insufficiency, kidney/renal dialysis, End Stage Renal Disease (ESRD), cirrhosis or necrosis of the liver, any organ transplant except cornea ..... ☐ Yes ☐ No
  - D. Emphysema, Chronic Obstructive Pulmonary Disease (COPD), Pulmonary Fibrosis, Cystic Fibrosis ..... ☐ Yes ☐ No
  - E. Congestive Heart Failure, cardiomyopathy, unoperated aneurysm, heart Pacemaker, defibrillator ..... ☐ Yes ☐ No
  - F. Cerebral Palsy, Myasthenia Gravis, Muscular Dystrophy, Multiple Sclerosis, Parkinson's, Lou Gehrig's Disease (ALS), Alzheimer's Disease, Dementia, Organic Brain Disorder ..... ☐ Yes ☐ No
  - G. Blood Coagulation Defect, Hemophilia ..... ☐ Yes ☐ No
  - H. Any acquired immune deficiency disorder (AIDS), AIDS-Related Complex (ARC), or HIV positive? (\*California law prohibits an HIV test from being required or used by healthcare service plans as a condition of obtaining health insurance coverage.) ..... ☐ Yes ☐ No
4. Within the past 12 months has a medical professional advised or recommended that you have treatment, further diagnosis, therapy, diagnostic testing, or surgery (to include joint replacement surgery), that has not yet been performed, or do you have any pending test results? ..... ☐ Yes ☐ No

If all questions are answered “No,” please continue to **Section 2B**.

**REMINDER:** If you answered “Yes” to any of the questions above, you are **NOT** eligible to enroll at this time.

## MEDICAL CONDITIONS REQUIRING MEDICAL UNDERWRITING REVIEW

### Section 2B

If your client has been a tobacco user, resides in KY, NH, VA, or WI, and is completing the medical questions in Section 2 of the application, complete the tobacco question in the beginning of this section.

The following are considered tobacco products: cigarettes, e-cigarettes, chewing tobacco, cigars, pipes, hookah pipes, snuff, bidis, cigarillos and little cigars, dip dissolvable tobacco such as strips, sticks, orbs, compressed tobacco and kreteks.

**2B. Health history and medical provider information** *(continued)*  
 Complete this section only if you answered "No" to every question in **Section 2A**.

**1. Have you used any tobacco products of any form (including e-cigs) in the past 12 months?....** ☐ Yes ☐ No

If the tobacco question is not present in the Health History section of the application, the highlighted question below will be the first question of **Section 2B: Health history and medical provider information**. These are also important questions about various medical conditions that will be reviewed by underwriting, including the risk determination for these specific conditions. For demonstration purposes, if a broker selected "yes" to Rheumatoid Arthritis, we will demonstrate how the information should be captured under Question 6.

**2. In the past 3 years (36 months), have you been medically diagnosed, treated or advised to have treatment for, tests, surgery or prescription medications for any of the following? Please answer "yes or no", and if "yes", provide details under Question 6.**

A. Internal cancer, carcinoma, melanoma or radiation therapy ..... ☐ Yes ☐ No

B. Alcoholism, drug abuse, or Schizophrenia ..... ☐ Yes ☐ No

C. Heart attack, heart bypass, Ventricular Fibrillation, Atrial Fibrillation (AFib), Peripheral Vascular Disease, stroke, Transient Ischemic Attack (TIA), aneurysm repair, valve replacement, angioplasty, stent ..... ☐ Yes ☐ No

**D. Rheumatoid Arthritis, Lupus ..... ☒ Yes ☐ No**

E. Diabetes, stroke, TIA, heart attack or diabetic retinopathy ..... ☐ Yes ☐ No

F. Treated with chemotherapy for one of the following: multiple Myeloma, Lymphoma, Leukemia, Non-Hodgkin's or Hodgkin's disease ..... ☐ Yes ☐ No

---

**3. Within the last 3 years have you been hospitalized, treated at an outpatient facility, or emergency room. If yes, provide details to include the medical diagnosis or condition, date, treatment received, including any medications prescribed and any further treatment needed, under Question 6. ....** ☐ Yes ☐ No

---

**4. Provide a list of any other medical conditions you have. Include details of treatment or surgery received, needed or recommended, any tests performed or recommended, and any medications currently taken or recommended, under Question 6.**

**5. List any physicians you've seen in the past 24 months under Question 6.**

**FOR BROKER USE ONLY – NOT FOR MEMBER USE**

In the questions above, we are showing when a broker has selected “yes” to the condition Rheumatoid Arthritis. The screen shot below shows the best way to provide the details needed if checking “yes” to one of the questions shown above. Listing all the medications and their frequency and dosage will keep the underwriting review process moving along quickly!

If your client is still under a doctor’s care for the condition, leave the “To” date blank.

6. Please use the table below to provide additional details to any “yes” answers in **Section 2B, (Questions 2, 3, 4 and 5)** above.

| Question #         | Medical condition #1 Rheumatoid Arthritis |                                                  |    |
|--------------------|-------------------------------------------|--------------------------------------------------|----|
| Treatment dates    | From <u>02</u> / <u>17</u> / <u>2020</u>  | To <u>      </u> / <u>      </u> / <u>      </u> |    |
| Medication(s)      | 1. Arava<br>20 MG Daily                   | 2.                                               | 3. |
| Treating physician | Dr. Jane Taylor (555) 555-9999            |                                                  |    |

Here is an example when responding to Question 3 asking about any hospitalizations, treatments at an outpatient facility or emergency room. Providing all the details on the application as shown below will assist the underwriters in processing your client’s application faster!

| Question # 3       | Medical condition #2 Hypertension        |                                                  |                             |
|--------------------|------------------------------------------|--------------------------------------------------|-----------------------------|

**Any additional medications your client is on?** When enrolling a client that must be medically underwritten, provide details regarding the medication dosage and frequency and the condition that the medication is prescribed for. Be sure to provide the “Reason for Medication” for all drugs to ensure the client’s application can be processed without delays. You may reference the attached Prescription Drug Guide for medications and the conditions they are used to treat.

7. Please list any **additional medications** you have been prescribed to take, which have not been previously listed or disclosed on this application. List for what medical condition and the dates you started taking the medications, including injectables, and how often you take the medications.

| Medication #1         |                                   | Frequency | Dosage |
|-----------------------|-----------------------------------|-----------|--------|
| Atorvastatin          |                                   | Daily     | 10MG   |
| Medication start date | Reason for medication (diagnosis) |           |        |
| 08/07/2020            | High Cholesterol                  |           |        |

Independent licensees of the Blue Cross Blue Shield Association. ANTHEM is a registered trademark of Anthem Insurance Companies, Inc.

**FOR BROKER USE ONLY – NOT FOR MEMBER USE**

When completing the application, it is important to list not only the prescription drugs used by the client, but also the clients' associated medical condition(s). Some prescription drugs may be prescribed for multiple medical conditions, so ask your client to provide the information regarding their medical condition. If the applicant does not know the medical condition being treated by the prescription drugs, you may conduct an online search on the medication name (such as a Google search) to look up the medication in order to identify the medical condition(s) being treated.

Remember: The Underwriting process gives the applicant the opportunity to have a professional review of conditions and the prescription management of those medical conditions.

**Automatic Denial:** If the member is currently using any of the following prescription medications, for the primary medical condition listed their application may be denied.

| <u>Drug Name</u>          | <u>Medical Condition(s)</u>                                                                   | <u>Drug Name</u>         | <u>Medical Condition(s)</u>                                                                                           |
