A NAIC Illustration is required for the sale. Illustration software is available on the Company websites under the "Illustrations" section. Illustrations with premiums listing a DEFRA Violation within the first 7 policy years or a TAMRA Violation within any policy year will not be issued as applied.

APPLICATION SUBMISSION

New applications may be submitted to the Home Office by scanning, faxing or mailing. Refer to the Company website for instructions on AppScan, AppDrop and AppFax under the link "Transmit Apps". Information on AppDrop can also be found on www.insuranceapplication.com (Select the option for "AppDrop"). If the application is scanned or faxed, be sure to transmit any and all supporting documents. If the application has been scanned or faxed, DO NOT send in the original. If the application is scanned or faxed and you have collected a check, you have the option of utilizing the E-Check procedure (please refer to the Bank Draft Procedures section in this guide for the instructions on utilizing the E-Check procedure); otherwise you must send the check under separate cover to the attention of Policy Issue. Be sure to include the Proposed Insured's name on the cover sheet.

IMPORTANT

Incomplete or unsigned applications will be amended or returned for completion. Please make sure that all blanks are filled in and the application has been reviewed and signed by the Owner and Proposed Insured. Also, remember to include your agent number.

BANK DRAFT PROCEDURES

Draft First Premium Once Policy is Approved:

- 1) Complete the Preauthorization Check Plan fields found at the bottom of the back of the application. Please specify a Requested Draft Day, if a specific one is desired.
 - (a) Once the application is approved, the first premium will be drafted upon the date specified. Or if no date is specified, the draft will occur on the day the policy is approved.
 - (b) The initial draft cannot occur more than 30 days after the date the application was signed.
 - (c) Drafts cannot be on the 29th, 30th or 31st of the month.
- 2) A copy of a void check or deposit slip must accompany the application. If one is not available, then you must also complete the Bank Account Verification section of Form 9903 and submit it along with the application. If a client only uses a debit or check card instead of actual checks, locate a bank statement to obtain the actual account number (DO NOT use the number found on the card). Green Dot Bank (and other pre-paid cards) not accepted.

Immediate Draft for Cash with Application (CWA) using E-Check:

- 1) To bind coverage IMMEDIATELY, you may use the E-Check option. If this option is selected, you must complete the E-Check section of Form 9903 in addition to items 1 & 2 listed above.
 - (a) The E-Check section of form 9903 authorizes the Company to immediately draft for the 1st premium upon receipt of the application. Submit this form along with the application.
 - (b) When the application is approved, the initial premium will be applied to pay the first premium. Future drafts will be based on the next premium due date and the requested draft day (if one is provided).

OPTION FOR DRAFTS TO COINCIDE WITH RECEIPT OF SOCIAL SECURITY PAYMENTS

Most people today are receiving their Social Security payments on either the 1st or 3rd of the month, or the 2nd, 3rd, or 4th Wednesday. If you have clients receiving their payments under this scenario and they would like to have their premiums draft on these same dates, please follow the instructions below:

- On the "**Requested Draft Day**" line of the "**PREAUTHORIZATION CHECK PLAN**" on the back page of the application, you will need to list one of the indicators below:
 - "**1S**" – if payments are received on the 1st of the month
 - "**3S**" – if payments are received on the 3rd of the month
 - "**2W**" – if payments are received on the 2nd Wednesday of the month
 - "**3W**" – if payments are received on the 3rd Wednesday of the month
 - "**4W**" – if payments are received on the 4th Wednesday of the month
- The "**Policy Date Request**" field on the front of the application should not be completed as the actual Policy Date will be assigned by the Home Office once the application is received.

When you follow the steps provided above at point of sale, our office will have the necessary information needed to process the premium draft to coincide with your client's Social Security payment schedule. The procedure is just that simple. The rest of the application paperwork is completed in the normal fashion. Also, you still have the option of requesting immediate drafts for CWA; just follow the normal procedures for doing so.

- **Third Party Payor** – The Company has experienced problems in terms of anti-selection, adverse claims experience and persistency on applications involving "Third Party Payors". This is defined as a premium payor other than the primary insured, the spouse, business or business partner (regardless of the mode of payment). Examples of "Third Party Payors" include brothers, sisters, in-laws, parents, grandparents, aunts, uncles, and cousins when the Proposed Insured is age 30 or older. As a result of the issues related to this situation, we **DO NOT** accept Express UL applications where a Third Party Payor is involved and the applicant is age 30 or older. We do accept such applications if the Payor is a spouse, business, or business partner. If the Proposed Insured ranges from ages 0 to 29, we will allow a Parent to pay the premiums, but please be advised that additional underwriting requirements, including a telephone interview, motor vehicle report, and criminal records check, will be involved for many of these applications; particularly for those applications where the Proposed Insured ranges from ages 25 to 29.
- **Applications on Juveniles (Issue Ages 15 to 17)**
 - If the grandparent or legal guardian applies for coverage on a child we need a copy of guardianship papers.
 - All children within the family should be insured equally.
 - We do not insure juveniles for more than their parents or legal guardians. Parents/Legal Guardians must have life coverage in force when applying for coverage on children.
 - Juvenile questionnaires (Form # 9825) are required to be submitted with the applications.
 - If the Proposed Insured has a condition which is listed in the "Medical Impairment Guide" as a "Decline" or if he or she exceeds either the maximum or minimum weight in the "Build Chart" provided in this guide, the application should not be submitted to the Home Office.

- **Applicants Re-applying for Coverage** - A new application will not be processed if the Proposed Insured has had 2 policies with any of our Companies within the previous 12 months, or had 3 or more policies in the past 5 years, which have lapsed, been made not taken, surrendered, or cancelled. This applies regardless of the plan(s) which have previously been written or who the writing agent may have been on the previous policies.
 - It is often easier and in the best interests of your clients to request that a policy be re-dated or reinstated rather than completing a new application. Below are the Company guidelines to follow:
 - **Re-date and Reinstatement Request*:**
 - If the request is being made within 60 days of the policy date:
 - A policy can be re-dated simply by sending an email request to our Client Experience Department. These requests can be sent to Client Experience at cx@aatx.com.
 - There is no additional paperwork necessary.
 - * A policy can be re-dated ONE time only.
 - **Reinstatement Requests Only**:**
 - If the policy lapse has occurred 60 days after the policy date & within the first policy year:
 - We require both a "Statement of Health" (Form No. 1110) & HIPAA (Form No. 9526) to be completed.
 - In addition, a new bank authorization (Form No. 1963) is required if payments will be made via bank draft. Or we would require the back premiums due if the payments will be made on direct bill. Payment or bank draft form must be returned with the required forms.
 - The documents above should be faxed to Client Experience at **(254) 297-2105**.
 - As an alternative a new application can be completed and submitted with "Reinstatement" and the policy number indicated at the top. These should also be faxed to Client Experience at **(254) 297-2105**.

 - We require a new application to be completed and submitted to the New Business Department at **fax # (254) 297-2101**.
- ** Upon request we will review these on a case by case basis to see if they can be considered for a re-date & reinstate.

TELEPHONE INTERVIEW

A telephone interview conducted with the Proposed Insured may be required based on the Non-Med Limit Chart which follows. If an interview is required, the preferred method of completing this interview is to do so at point-of-sale.

After fully completing the application you may call from the client's home for the personal history telephone interview. The interview is designed to confirm the answers given on the application. The interview can be completed in either of 2 ways:

- 1) at point-of-sale, or
- 2) the Company will contact the Proposed Insured upon receipt of the application.

Point-of-sale telephone interviews can be completed by calling the toll free number below. When calling the vendor be sure to identify yourself, Company and product being applied for "Express UL". The applicant must always complete the telephone interview without assistance from the agent or another person. If the sale is made outside of the vendor's hours of operation or if the interview is not completed at point-of-sale, mark the question "Telephone Interview Done" on the application (upper right-hand corner) as "**NO**" and the Company will initiate the call upon receipt of the application.

SPEED UP YOUR TURNAROUND TIME! Practice these simple guidelines

The Express UL plan is issued Standard for applicants who would normally be considered up to table 4 by most underwriting standards today. Applicants who are considered high risk or declinable should not be sent to our Company for consideration.

BEFORE asking any health questions stress the importance for 'truthful and complete' answers, including tobacco usage that will 'match' information already in the applicant's medical records, national prescription databases, MIB, MVR, etc.

If applicant answers "YES" to any health question, such as High Blood Pressure, Cholesterol or Diabetes get full details. Ask the following information: age at onset, name all medications, applicant's last reading and how often is the problem checked, name of doctor treating condition, date last seen, etc. THE MORE COMPLETE INFORMATION you can provide on the application significantly REDUCES the need to order medical records or an interview ...and speeds up issue time!

PRACTICE GOOD FIELD UNDERWRITING OR...

An agent with a history of submitting applications with Non-Admitted medical information will likely receive special attention when their applications are reviewed by the Underwriting Department. That agent's applicants will receive a phone interview and/or medical records will be requested until the underwriters believe that agent has corrected their field underwriting problems.

Agents need to stress to the Proposed Insured the necessity for complete and truthful answers to all questions on the application before asking the health questions, including tobacco use.

EXPRESS UL MEDICAL IMPAIRMENT GUIDE

Underwriters will try to evaluate the risk as quickly as possible, so the following factors are essential:

- Good Field Underwriting – Carefully ask all of the application questions and accurately record the answers.
- Client Honesty and Cooperation – Underwriting relies heavily on the application; therefore, complete and thorough answers to the questions are necessary. Please stress this and prepare the Proposed Insured for an interview, if required based on age and face amount. The interview will be brief, pleasant, and professionally handled.

The Medical Impairment Guide has been developed to assist you in determining a Proposed Insured's insurability. This Guide is not all-inclusive. Underwriting reserves the right to make a final decision based on all factors of the risk. If you have any questions about medical conditions not listed here, please call or email (underwriting@aatx.com) the Underwriting Department.

If "N/A" appears in this column, then the Underwriting decision will be the same regardless of when the medication was prescribed.
